A WEEKLY PAPER—DEVOTED

Vol. XXXI.

FRANKFORT, KENTUCKY

BIG OTIS UNDER THE LIGHT AGAIN.

Frankfort's premier desperado and all-round bad man, "Big" Otis Evans, has been heard from again, after disappearing from the public eye for several months, presumably having been hibernating in one of the numerous caves which he calls home during the interim. He was arrested at Midway Monday for having committed a series of burglaries in the surrounding country, and appears to be in for some rather rough usage at the hands of the law.

Some lawyers contend, though, that as he has been declared insane by a Franklin county jury, and committed to the asylum as a lunatic, that he is now immune, as it were from punishment for whatever offense that he may be guilty of, and that he has, in fact, been granted a license to steal, or otherwise do just as he pleases. Other learned legal lights state that such a view of the matter is a nonsensical one, and that he is certainly amenable to the provisions of the Criminal Code, and will be dealt with accordingly. The situation is an interesting one, nevertheless, and the outcome will be closely watched by the legal fraternity throughout the land.

OPEN WINTER, MAYBE.

Most of the weather prophets, who seem to hit the mark now and then, are of the opinion that the approaching winter will be an open one, and are giving all kinds of reasons why they so believe. A western prophet states that the best sign in the world is to observe the actions of the beaver and muskrats, which, he declares, have made no preparation this season for a hard winter, though, when one such is approaching, they get very busy.

It is to be sincerely hoped that the prophets are right for once, as the human family in the latitude of Kentucky are vitally interested in the weather of the colder months of the year, the sudden changes to severe cold and sleety conditions being always eminently conducive to sickness, especially in this case in so far as it relates to elderly persons or those cursed with a weak constitution.

GLENN'S CRIMINAL CASE.

Parties who remember the case of Glenn Taylor, and Old Taylor, might be surprised to learn that since the late trial, for several miles, in a possible condition, and see no prospect for betterment during the winter. The soil, which has been thrown on the county roadway, by the contractors for the Highland Railroad is said to be responsible for the existing state of affairs, as well as the washing of the soil from the hillside and the roadbed of the Highland.

Doubtless the county authorities will take steps to repair the county road at the earliest opportunity, and the people of that section need not, therefore, despair. The track laying on the railroad has now progressed beyond the Big Eddy, and the grade has been practically completed as far as Millville. At this rate, and should weather conditions continue to remain favorable, the route from this city to Versailles will be in operation in a short while.

VICTORY FOR DEFENSE.

When Judge Morris ruled, in the circuit court at Georgetown, on Wednesday, that the second 100 men summoned from Harrison county as jurors in the Powers case, had been improperly summoned, on motion of the defense, and discharged the men, it was a decided victory for the defendant. It has been the contention of the defense, in every one of the trials, that the juries were packed against the defendant, and this decision upholds that contention.

SKY SCRAPER CLIMBING.

The building of the McClure Realty Company, which is rearing its head heavenward at the corner of Main and St. Clair streets, has reached its third story above the surface, and within a short while will have attained such an altitude as will astonish the older inhabitants of the Capital City, who, in the old time conservative age, could not conceive a building being erected in this city that would really go higher than four stories at most.

COL. ED. P. BRYAN'S HEAVY LOSS.

A burglar entered the residence of our old friend, Col. Ed. P. Bryan, at Bound Brook, N. J., one night recently, and got away with over \$1,000 worth of jewelry, etc., among other things, taking Mrs. Bryan's wedding ring.

We sincerely regret to hear of our old friend's loss.

FRANKFORT CONTRACTOR IN GOOD.

Mr. W. H. Moore, a well known and expert carpenter of this city, who did some of the best inside work on the new L. & N. passenger station, has secured a nice contract from Mr. T. J. Harlow, of near Bagdad. He will build a nice residence, to cost \$3,000. "Whit" is a clever fellow and good mechanic, and since he has gone into the contracting business on his own account, is meeting with gratifying success.

FORMER FRANKFORT LADY WINS BIG PRIZE.

In a contest given by the Topeka (Kan.) Daily Capital to the lady securing the highest number of subscribers to that paper, Mrs. Kathryn Crawford (formerly Miss Kathryn Kahr, of this city), was the winner of the Capital prize. Mrs. Crawford promptly donated the splendid \$375 piano to the Teachers Saturday Afternoon Club. So it seems that Frankfort ladies are at the front wherever they go as well as the Frankfort boys.

NEW MOVING PICTURE SHOW OPENED.

The new electric moving picture show of Messrs. Heise & Sons opened on Monday night, and has been liberally patronized. A new program is put on each evening.

GOOD STORY ON MAYOR HUME.

One Sunday, several months since,

when the lid was so tolerably tight

in Frankfort, Mayor Hume was in a

certain place, which contained two

other men who were not visible to

him or he to them. The men, al-

though strangers to each other, it ap-

peared had a common bond of union

in that they were both fond of their

the whole half pint, at the same time

remarking that he would purchase

some afterward for his own use.

LOCAL TOPICS.

If signs were wanting to prove that "it takes a brave heart to smile through an ocean of tears," just a glance at the habitation of State House square at the present time is sufficient to convince the most skeptical of the truthfulness of the foregoing statement.

It has long been the opinion in well-informed circles that the old world had a monopoly on magnificent ruins of the past. But since the recent political upheaval in Kentucky, it is in order to throw aside your dusty volumes of travel and look about you—there are some picturesque ruins visible in these parts just now, and nowhere else are they more in evidence than in dear old Frankfort.

Frankfort is no slow place. There are other towns on the map, to be sure, but when it comes to a show-down, this hamlet on the Kentucky is present with the chimneys all atune and some harmonious sounds to spare. All tastes can here be satisfied, and the tides of pleasure and business alike are ever advancing. No retrograde movement is visible and no cloud of apprehension mars the pleasant prospect which looms up so invitingly in the distance.

Suppose stocks do tumble on Wall street every day, are not "stockings" tumbling all about in Frankfort's has no edge on Kentucky's Capital. skating rinks each night? Gotham

As the time before the inauguration of Governor Willson is now limited, the city authorities should get a move on and see that the town is clean and neat when the distinguished new official takes his seat and the Capital is thronged with people from all over the State. It is a courtesy to the incoming officials and State citizenship that should by no means be overlooked.

HUGHES GETS CONTRACT.

Upon competitive bidding, Mr. Jas. E. Hughes, of Lexington, was awarded the contract to print the decisions of the Court of Appeals for the next two years. This covers only the decisions, ordered reported by the Court Reporter, in which new points are decided, and does not cover all the decisions of the Court, as has erroneously been reported.

However, Mr. Hughes has a big contract on hand.

Several years ago Samuel
sustained a stroke of paral-
sis, but had measurably recovered
her health, and went about the duties
of life as usual until quite recently,
when she visibly declined.

Quietly, serenely she prepared for
the end, and when the white-winged
messenger came, she was not afraid.
As gently as a babe sleeping on
mother's breast, she "fell on sleep."

She was an indefatigable church
worker and the poor and the need-
ever found a faithful friend.

An ardent friend she was always
ready to stand for what she con-
ceived to be the right.

The church and the community has
sustained a terrible loss, and her
friends (of whom we are proud to be
one) will sadly miss her kindly
words and genial smile.

She was the devoted and life-
long friend of our sainted mother,
and the last visit she made before
going to rest was to Mrs. Samuel.

The funeral services were con-
ducted by her pastor, Rev. Jesse R.
Zeigler, from the First Presbyterian
Church, on yesterday, the services
being largely attended, and the loved
remains were laid away in the family
lot in the city on the hill.

GOVERNMENT FLEET STILL AT WORK ON THE KENTUCKY.

The medium stage of water which
has prevailed in the Kentucky river
during the present fall has enabled
the government repair fleet to re-
main at work later in the season than
is usual, and it is not expected to ar-
rive at the winter rendezvous in this
city until near about Christmas. The
fleet has been out since quite early
in the spring, and it is understood
have performed valuable services.
All of the locks which have been
completed are in excellent working
order, with the exception of Lock No.
5, at Tyronne, and new gates will be
placed in position at that place the
coming week, on account of which the
river will be closed to upper points
on the stream for a week or more.

Most people know that if they have

But the strongest point about *Scott's
Emulsion* is that you don't have to be
sick to get results from it.

It keeps up the athlete's strength, puts fat

this being the case it would not be
at all surprising, when the first day
of May rolls around, to see the muni-

C. R. salmon licenses to the figure men-

Such an ordinance would place the
liquor business in the Capital City
on an entirely new basis, and would
reduce the number of saloons in
Frankfort to say ten or twelve places.
Instead of thirty odd as is the present
standing. Many of the saloons on
Broadway and St. Clair street, as well
as in other localities, would cease to
exist, and in all probability there
would be but one left in the West

would equal the amount, formerly

under the old rule of prices. How
the public will view such a radical
change remains to be seen, when the
City Council takes the matter up next
April.

The Woman's Club will meet with
Miss Rebecca Averill on Monday
afternoon, November 25th.

While building operations in Frank-
fort have slackened up no some effect,
and some teams and laborers have
been laid off, there is no sign that the
prosperity of the Capital City is
threatened. Alarmists point to the
fact that operations have ceased
until the spring months shall have set
in, as a sure indication that the
zenith of the building and business
boom has been reached, and that the
volume must necessarily grow smaller
from this time forward.

The latter prediction is absurd, as
any one who has studied the situa-
tion at all can not but fail to see.
The conditions are such that even
though a sure enough money panic
should strike the country, it would
not affect Frankfort to an appreciable
extent, as this city will continue to
grow at a rapid rate for years to
come. There is nothing to prevent,
and every sign favors further de-
velopments along all local lines. The
calamity howler has raised up his
voice, but few have hearkened to his
bleatings.

Broadway and Lewis streets, a new

ous passenger trains which arrive
daily at the new Union Station, as
the trainmen and travelers have
designated the recently completed
depot, to run in close to the build-
ing under the shelter of the umbrella
shed, also being built. Almost an
army of workmen are engaged in
building the switch, and they toiled
on through the rains of Wednesday,
as the L. & N. people are anxious to
complete the improvement as speedily
as possible.

The Modesty of Women

fatally makes them shrink from the delicate questions, the circuitous examinations, and unpleasant local treatments, which some physicians consider essential in the treatment of diseases of women. Yet, if help can be had, it is better to submit to this ordeal than let the disease grow and spread. The trouble is that so often the woman undergoes all the annoyance and shame for nothing. Thousands of women who have been cured by Dr. Pierce's Favorite Prescription with the degradation of the cure which dispensed with the examinations and local treatments. There is no other medicine to cure the delicate diseases of women as "Favorite Prescription." It cures debilitating drains, irregularity and female weakness. It always helps. It almost always cures. It is strictly non-alcoholic, non-secret, all its ingredients being printed on its bottle-wrapper; contains no deleterious or habit-forming drugs, and every native medicinal root entering into its composition has the full endorsement of those most eminent in the several schools of medical practice. Some of these numerous and strongest professional endorsements of its ingredients, will be found in a pamphlet wrapped around the bottle, also in a booklet mailed free on request, by Dr. R. V. Pierce, of Buffalo, N. Y. These professional endorsements should have far more weight than any amount of the ordinary lay, or non-professional testimonials.

The most intelligent women now-a-days shrink from knowing what they take as medicine instead of opening their mouths like a lot of young birds and gulping down whatever is offered them. "Favorite Prescription" is of course confidential. It makes weak women strong and sick women well.

Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send to Dr. R. V. Pierce, Buffalo, N. Y. 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound. If sick consult the Doctor, free of charge by letter. All correspondence confidential. Dr. Pierce's Pleasant Pellets invigorate feeble stomach, liver and bowels.

ATING ON STREETS A NUISANCE.

The writer would like to see the children, youths and young maidens of Frankfort enjoy themselves in very way possible, but must protest against the use of roller skates upon many of the pavements, to the annoyance, and oftentimes danger, of pedestrians, who are not good at "side-stepping."

As an instance of the danger of the practice, one day, in the early part of this week, an old lady, who was walking near the corner of Main and St. Clair, the busiest spot in the city, was unable to dodge two boys who were coming swiftly in the opposite direction mounted on roller skates. There was a collision and the elderly woman was knocked to the pavement, and perhaps seriously injured, as she seemed to be suffering when assisted to her feet by a gentleman who was passing that way.

COMES FROM GERMANY TO MARRY.

Miss Annie L. Leoble, of Constan, Germany, came to this city on Tuesday to meet and marry the sweetheart of her youth. She could not speak a word of English and the man to whom she was married by County Judge J. H. Polsgrove (Mr. Wm. Leoble), had to act as an interpreter of the ceremonies incident.

They are married all right and as happy as can be.

The finest coffee substitute ever made has recently been produced by Dr. Shoop, of Racine, Wis. You don't have to boil it twenty or thirty minutes. "Made in a minute," says the doctor. "Health Coffee" is really the closest coffee imitation ever yet produced. Coffee imitation is made from pure toasted cereals or grains, with malt, nuts, etc. Really it would fool an expert—were he to unknowingly drink it for coffee. Capital Pharmacy.

COMPLAIN OF BAD COAL.

There is considerable complaint among many citizens of Frankfort over the poor quality of coal being furnished by some of the local dealers. The people think that, inasmuch as they are charged sixteen cents per bushel for the fuel, that it should be at least of a good quality, and not half slate and stone.

GETS NEW STEAM SHovel.

The Frankfort Elevator Coal Co. has recently installed a new steam shovel for unloading coal from barges. The name of the new machine is the "Little Colonel."

It will be remembered that this company had one of these machines on trial last summer. They certainly do the work to a queen's taste.

COMMUNICATION.

The local Democratic situation, it would seem, is in a most chaotic condition since the late conflict between the two leading political parties in the State, which ended in the triumph of the Republicans by a decisive vote in their favor. Not only was the State "machine" smashed into a shapeless mass, but the local machine, even more so, was completely broken up. "Me and Per" and other alleged leaders were left without a leg to stand on, bewildered and crestfallen. A larger calibre than mortal men who are the city of Frankfort and county of Franklin. They are indeed bosses without a job to oversee.

It is now the almost unanimous opinion of all good local Democrats, that there must at once be a reorganization of the party in this city and county, and that new men must be placed at the head of party affairs, or at least a good sprinkling of new ones in order to make up for the lost ground. Another thing is evident. No more snap conventions, participated in by a dozen men, will be permitted to dictate who shall be nominated for county offices, and name those who shall serve as the legal rulers of the municipality. Such tyrannical practices are things of the past, and in the future the will of the people must be consulted, and fair primaries, not loaded ones, held to determine the choice of the voters of county and city alike. Besides every man who has an ambition to fill a local office must be given a fair chance. These things will come to pass, or the Republicans will soon have both city and county.

The adoption of such a course is made necessary and urgent by the approach of an election for county officers, an event of this description being scheduled for November, 1909. Of course primaries should be held in 1908. Already many candidates and tions for the various places within the county, and certain men are being mentioned by their friends have taken up the mat of the gift of the voters. Some of those mentioned, and the offices they will seek to fill, are as follows:

For Sheriff—Dick Julian and Lee Buckley.
Circuit Clerk—Ben Marshall.
County Clerk—Crawford Lee and Howard Johnson.
Commonwealth's Attorney—Robt. B. Franklin and James H. Polsgrove.
County Judge—Raisabell Hieatt and "Rabbit" Jim Moore.
County Attorney—Frank Dalley, Wiley C. Morshall and George T. Davis.

The new council elected in November, will, it is said, make no marked change in city officials as they stand at present, though it is rumored that one or more members of the police force may be displaced. Capt. Wingate Thompson will make a hard fight to defeat Emil Hald for the position of workhouse keeper. Rumor has it, also, that perhaps there will be a change of one man in the present make-up of the fire department. City Clerk Wm. S. Polsgrove, as well as City Tax Collector Dudley Richardson, and City Engineer Robert S. Frazier, will have no opposition, and in all likelihood Lee Barkin, bridge keeper, will not be molested. Wm. Cromwell, of course, retains his position as City Attorney, and so on down the line.

DEMOCRAT. CERTAINLY APPRECIATIVE.

Our genial friend, Mr. Jno. P. Hostetter, has presented the working force of "Hello Girls," at the East Tennessee telephone office, in this city, with a dressed turkey, a guinea hen, and a pheasant; also a big bunch of celery, a lot of light rolls, and two gallons of ice cream, to show his appreciation of the nice way in which these good people have treated him since he became a subscriber to that phone.

He made only one condition, and that was, that they should eat all the spread and then rejoice over the election of Gov. Willson.

SPELL BINDER'S EMBARRASSING POSITION.

During the lively campaign conducted by the local Democrats, who preceded the late landslide, a spell binder from Lexington, a Mr. Hobbs, if memory serves right, addressed the hardy farmers of that section at the Harvieland School House, a few days before the election. After dwelling at length on the beauty of the Democratic doctrine, and telling his hearers to straighten their necks, he turned to the great Commoner, whose portrait he thought, was on the blackboard. Arriving at the culminating point in his peroration, he turned around and pointing to the portrait said: "Here is the greatest man of this or any other time." Some one, by mistake or otherwise, had placed the wrong lithograph on the blackboard, and instead of the broad, intellectual and generous-natured Bryan—there stood Teddy, teeth, spectacles and all. The meeting was then declared adjourned.

CAPTURED CHARGED WITH BURGLARY.

Otis Evans, who has made himself notorious heretofore, in this city and county, was captured at Midway, on Sunday night, by Policeman Hammond, and was found in possession of a number of articles (including a watch, some jewelry and suits of clothing), which had been stolen from the house of a gentleman in Paris and another gentleman at Georgetown.

The articles were identified by one of the gentlemen, and the officer paid a reward which had been offered. Evans will likely break into the Pen this time.

Doctor's Doses Weakened Stomach.

Dr. Miles' Nervine Cured Me.

Dr. Miles' Restorative Nervine brings rest and sweet sleep to the tired brain worn out with the cares and anxieties of the sick room. Read the following: "I have always been healthy with the exception of a touch of rheumatism since my age came on, up to the time of my husband's last illness, some years ago. I assisted in nursing my husband for nearly three months when he departed this life and the mental strain I think caused my trouble. Aside from extreme nervousness my trouble commenced with sore throat and neuralgia. My physician gave me purgative doses which weakened me very much and my stomach for a time seemed inactive. Mental strain and the dormant condition of my stomach soon told upon my general health. I had little appetite and was soon forced to stay in bed a greater part of the time. Within a week after the time I began taking Dr. Miles' Restorative Nervine and Tonic I was up about the house. I continued their use until completely cured. My faith in Dr. Miles' Remedies has been strengthened by experience of other people, our daughter having used Restorative Nervine with splendid results in a case of paralysis and a friend to whom I sent a box of the Anti-Pain Pills reports that she has been completely cured of neuralgia by their use. I know of a number of others whom your medicine has helped in a large degree. I wish you continued success."—MRS. FRANCES COFFMAN, Dayton, Va.

CANNING FACTORY IN GOOD SHAPE.

The Canning Factory has sold all of the product of its plant for the past season with the exception of about four carloads, and the officials are on a deal with a wholesale grocery house for the disposal of these at fair prices. After the goods are all closed out, which is expected to be in a week, a meeting of the stockholders will be held and a financial report made of the earnings and disbursements for the first season's operations. While it is not expected that a large profit will be shown, the factory will be in splendid shape for a successful and money making run in 1908, and the officials are very much pleased with the outlook.

Weak Kidneys

Weak Kidneys, surely point to weak kidney nerves. The kidneys, like the heart, and the stomach, find their weakness, not in the organs themselves, but in the nerves that control and guide them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine is cloudy, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month. It will tell you what it can do and what it can do for you. Druggists recommend and sell.

DON'T EXPERIMENT.

You Will Make No Mistake if You Follow This Frankfort Citizen's Advice.

Never neglect your kidneys. If you have pain in the back, urinary disorders, dizziness and nervousness, it's time to act and no time to experiment. These are all symptoms of kidney trouble, and you should seek a remedy which is known to cure the kidneys.

Doan's Kidney Pills is the remedy to use. No need to experiment. It has cured many stubborn cases in Frankfort. Follow the advice of a Frankfort citizen and be cured yourself.

Mrs. C. M. Betts, of 519 Short Street, Frankfort, Ky., says: "My kidneys troubled me for some years, off and on. I tried different remedies, but without obtaining any permanent relief. The pain across the small of my back was often very severe, especially at night before retiring and in the morning when I first arose. There was also a kidney weakness, distressing at all times. I read about Doan's Kidney Pills and the symptoms they were recommended to cure seemed just like mine, and willing to try almost anything to get relief, I went to J. W. Gayle's drug store and got a box. I took them as directed and soon noticed the difference in my condition. The sharp pains and aching disappeared and the other distressing complaints were banished. Doan's Kidney Pills certainly act like magic and the good relief they give is lasting."

The postmaster of Gosconda, Mo., Daniel A. Bush, says of DeWitt's Kidney and Bladder Pills: "I am doing so well, and improving so fast in health that I can not say too much for your kidney and bladder pills. I feel like a new man. DeWitt's Kidney and Bladder Pills are sold by South & Co."

STRANGE ADVICE!

Dr. G. O. Green gives alert personal attention to his great humanitarian contract.

"In our Almanac for many years past we have given unusual advice to those afflicted with coughs, colds, throat or lung troubles or consumption. We have told them if they did not receive any special benefit after the use of one 75-cent size bottle of German Syrup, to consult their doctor. We did not ask them or urge them to use a large number of bottles, as is the case in the advertising of many other remedies. Our confidence in German Syrup makes it possible for us to give such advice. We know by the experience of over 35 years that one 75-cent bottle of German Syrup will speedily relieve or cure the worst coughs, colds, bronchitis or lung troubles—and that, even in bad cases of consumption, one large bottle of German Syrup will work wonders. New trial bottles, 25c; regular size, 75c. At all druggists."

CIVIL WAR VETERAN GONE.

We give below a dispatch which tells of the passing over of Mr. Alexander Gallion, a veteran of the Civil war, who lived here for several years and who married a Miss Mary Barton, of this city. He was an enthusiastic member of the Odd Fellows: Lagrange, Ky., Nov. 19.—News has been received here that Alex. Gallion died at his home in St. Louis. His last request was that he be buried in his G. A. R. uniform, and by his old comrades. This was followed out to the letter. He was in Company F, of the Second Maryland Regiment, and served throughout the entire Civil war. He lived in this town for many years and was a successful contractor.

A HARD DEBT TO PAY.

"I owe a debt of gratitude that can never be paid off," writes G. S. Clark, of Westfield, Iowa, "for my rescue from death," by Dr. King's New Discovery. Both lungs were so seriously affected that death seemed imminent, when I commenced taking New Discovery. The ominous dry, hacking cough quit before the first bottle was used, and two more bottles made a complete cure." Nothing has ever equalled New Discovery for coughs, colds and all throat and lung complaints. Guaranteed by all druggists. 50 cents and \$1. Trial bottle free. For sale by all druggists.

SAD NEWS FOR FAMILY.

Mr. Henry Ringold, of this city, received several telegrams this week announcing the serious illness of his son, Mr. Samuel Ringold, who is confined in the hospital at San Francisco, Cal., with tuberculosis.

Young Ringold was a member of the Exposition Guard, at St. Louis, Mo.; went thence to Seattle, Wash., Portland, Oregon, and other places. He was a clever and companionable young man.

We earnestly hope he may recover. The Elks, of which he is a member, are looking after him.

MOVERS BUSY.

Within the past two weeks or more there has been more moving going on in this section than was observable for years. People in the country districts, especially, are changing locations for the coming season in large numbers, although many are coming to this city also. There appears to be a movement gaining ground among the country people, however, to stay in the country, and not as many of them as is usually the case at this season of the year are coming to town. In fact, a good many of them are going back to the farms, after becoming satisfied they can fare about as well there as in a city.

STREETS NEED ATTENTION.

The city authorities, instead of passing a good portion of the time of each council meeting in silly squabbles and disagreements, might turn their attention, with profit to themselves and the community at large, to improving the condition of some of the streets on both the north and south sides of the river. The recent rains, which, by the way, were not of a torrential character, laid bare the fact that many of them were almost in the same condition as a country mud road. Needed repairs should be made at once and before the wintry weather prevents such operations.

You can't be well if you have a weak, unhealthy, tired out stomach. Neither can you feel good if by some little irregularity in eating you have caused the stomach to get out of order. These little stomach troubles are signs of indigestion, which may and very often do turn into a very bad case of dyspepsia. Don't allow this to go on one single day without doing something to overcome it. Take some good reliable and safe digestant like Kodol for dyspepsia. Kodol is the best remedy known to day for heart burn, belching and all troubles arising from a disordered digestion. It is pleasant to take and affords relief promptly. Sold by South & Co.

When the baby is cross and has you worried and worn out you will find that a little Cascas Wool, the well known remedy for babies and children, will quiet the little one in a short time. The ingredients are printed plainly on the bottle. Contains no opiates. Sold by South & Co.

Dr. Cady's Condition Powders, are just what a horse needs when in bad condition. Tonic, blood purifier and vermifuge. They are not food for medicine and the best in use to put horses in prime condition. Price 3 cents per package. For sale by J. W. Gayle and Le Compte & Gayle.
